

The Effects of Concurrent Bandwidth Feedback on Robotics Manual Control Tasks

An Experimental and Modeling Study

SUBMITTED BY:

John Austin Karasinski

Ph.D. Dissertation Proposal

University of California, Davis

Mechanical and Aerospace Engineering

Examining Committee:

COMMITTEE CHAIR:

Professor Ron Hess
Mechanical and Aerospace Engineering

COMMITTEE MEMBERS

Professor Sanjay Joshi
Mechanical and Aerospace Engineering

Professor Zhaodan Kong
Mechanical and Aerospace Engineering

Professor Stavros Vougioukas
Biological and Agricultural Engineering

Dorrit Billman, Ph.D.
NASA Ames Research Center

Dr. Stephen K. Robinson, Advisor
